7. **Assistant Manager, Funds Management - 2**
8. **Officer II, Director-General's Secretariat**
9. **Officer II, Deputy Director-General, Finance's Office**

1. **Deputy Chief Manager**

Job Purpose:

To serve as the principal technical and strategic adviser to the Director-General, providing high-level support in policy formulation, regulatory strategy, stakeholder engagement, institutional coordination and supervision of units within the Secretariat, and presentation of reports to ensure the effective execution of the SEC's mandate and strategic objectives.

Major Accountabilities & Responsibilities:

▪ **Strategic Advisory Support**

Provide expert analysis and technical advice/recommendations on capital market policy, regulatory reforms, and strategic initiatives to guide the Director-General's decision-making.

▪ **Policy and Research Coordination**

Lead the development and review of policy briefs, technical papers, and strategic reports for the Director-General, ensuring alignment with national financial sector goals and international best practices.

▪ **Stakeholder Engagement and Representation**

Support the Director-General in engaging with key stakeholders, including government agencies, international partners, and industry players; represent the DG in high-level meetings when delegated.

▪ **Institutional Coordination and Oversight**

Facilitate coordination across departments and supervise the units in the Director-General's Secretariat to ensure timely implementation of the Director-General's directives and strategic priorities; monitor progress and report on key deliverables.

- **Preparation of Reports and Communication**

Prepare reports, presentations, speeches and official communications for the Director-General, ensuring clarity, accuracy, and alignment with the Commission's vision and regulatory stance etc.

Educational Qualification and Experience:

- First Degree and Master's Degree in Economics, Finance, Accounting, Business Administration, or a related field from an accredited tertiary institution.
- Must have relevant professional qualifications and be in good standing.
- A minimum of ten (10) years' relevant working experience, five (5) of which must be in a Senior Management position.
- Must have done National Service

2. Senior Manager, Policy Research and IT (Fintech & Innovation)

Job Purpose:

To oversee and lead the design, development and implementation of regulatory frameworks for **financial technology (FinTech)** and **financial innovation**, particularly in the areas of **virtual assets**, **virtual asset service providers (VASPs)**, **regulatory sandboxes**, **blockchain technologies**, and other emerging digital financial services. This role ensures the maintenance of **market integrity**, **investor protection**, and **compliance with national laws** and **international best practices** governing financial innovation and digital assets.

Major Accountabilities & Responsibilities:

- **Regulatory Framework Development**

Design and update policies, guidelines, and regulations governing FINTECH and Innovation products and services including virtual assets and VASPs, blockchain and related technologies etc. in line with international best practices and local financial sector objectives.

- **Licensing and Supervision**

Oversee the licensing and authorization processes for FinTech and financial innovation products and services, ensure effective ongoing supervision through compliance, monitoring, risk assessments, and periodic reporting.

- **Market Surveillance and Enforcement**

Monitor virtual asset market activities to generate market intelligence reports, identify potential misconduct, fraud, regulatory non-compliance; to initiate and support appropriate enforcement actions as necessary.

- **Stakeholder Engagement and Capacity Building**

Collaborate with industry stakeholders, government agencies, and international partners to enhance regulatory clarity and strengthen capacity within the FinTech and Innovation ecosystem.

- **Research and thought leadership**

Lead research and provide regulatory thought leadership on emerging trends in FinTech and Innovation; advise the Commission on strategic policy and regulatory responses to technological developments within the FinTech and financial innovation landscape.

- **Support the development** and utilization of digital monitoring tools for FinTech and Innovation products and services.
- **Lead brainstorming sessions**, facilitate workshops and collaborate effectively with cross-functional teams etc.

Educational Qualification and Experience:

- First Degree and Master's Degree in Information Technology, Cybersecurity, Law, Finance, Economics or related field.
- Professional certifications in FinTech & digital innovation, blockchain and virtual assets, financial regulation, compliance and AML (e.g. chartered FinTech professional, digital finance and FinTech, CAMS, CISA etc.) are highly desirable.
- Demonstrated experience in virtual asset regulation, blockchain technology, or digital financial regulation is essential.
- A minimum of eight (8) years professional working experience, four (4) of which must be in a middle management position.
- Must have done National Service

3. Manager, Legal and Enforcement

Job Purpose:

To ensure compliance by market operators on the provisions of the Securities Industry Law including licensing, surveillance and inspections of the market operators and maintaining the appropriate registers.

Major Accountabilities & Responsibilities:

- Provide interpretation and assist with the implementation of relevant laws, regulations and directives relating to the work of the SEC.
- Represent the Commission in litigation either with the Commission's Legal Team or with its External Solicitors.
- Conduct extensive legal research and analysis and provide legal opinions when required.
- Handle, formulate and draft legislation, Codes, Directives, Guidelines, Circulars etc. and amendment thereof as required by the SEC.
- Ensure the compliance by market operators with the provisions of the securities industry laws, Codes, Directives, Guidelines, Circulars etc. including licensing of the market operator.
- Assist in instructing, liaising and evaluating solicitors in the provision of services to the Commission.
- Prepare contracts and other legal documents to protect the interest of the Commission.
- Monitor evolution of the regulatory framework, make impact analysis and update management.
- Identify legal risks for the Commission and provide advice.
- Provide corrective action in cases where laws have been ignored or misconstrued.
- Resolve problems in cases where laws have been ignored or misconstrued.
- Provide Company Secretarial Services in the absence of the Board Secretary.
- Work under the Head, Legal and Enforcement and with other members of the department and other departments when required etc.

Educational Qualification and Experience:

- Bachelor of Laws (LLB) with Professional qualification in Law (BL).
- A member of the Ghana Bar Association and in good standing.
- MBA or LLM in a relevant field will be an advantage
- A minimum of 6 years at the Bar with relevant work experience, two (2) of which must be in a managerial position in a reputable organisation.
- Must have done National Service

4. Manager

Job Purpose:

To provide strategic, technical and analytical support to the Deputy Director-General (Finance) in the execution of regulatory and financial oversight, policy development, and institutional coordination, preparation of reports and presentation to ensure the effective implementation of financial strategies and regulatory initiatives aligned with the Commission's mandate.

Major Accountabilities & Responsibilities:

- **Technical and Strategic Advisory**

Provide expert analysis and recommendations on market regulation, financial policies, capital market development, and fiscal strategies to support the Deputy DG's decision-making.

- **Policy and Regulatory Research**

Conduct research and prepare policy briefs, technical papers, and regulatory proposals to support the formulation and implementation of financial sector reforms.

- **Project and Policy Coordination**

Support the Deputy DG in managing cross-departmental financial projects and policy initiatives; track progress and ensure timely delivery of outcomes.

- **Stakeholder Engagement**

Liaise with internal departments, government agencies, and external partners on financial matters; represent the Deputy DG in technical meetings when required.

- **Documentation and Communication**

Draft policy briefs, technical memos, speeches, and presentations for the Deputy DG; ensure clarity, accuracy, and alignment with institutional priorities etc.

Educational Qualification and Experience:

- First Degree and Master's Degree in Economics, Finance, Accounting, Business Administration, or a related field from an accredited tertiary institution.
